

### 31903\_ODIN Air4 Dry Suit

- + Back zip entry dry suit designed for extreme paddling
- + Latex gaskets around the neck and wrist protected with soft neoprene
- + Entire body of the suit is made from Air4 material
- + Sitting area, knees and elbows are protected with Cordura
- + Watertight Cordura socks to keep your feet dry
- + Double Pull system around the waist area for quick adjustment
- + Relief zipper

#### WHAT IS NEW?

Previously, the Cordura reinforcement was added on top of the functional material. On this model the Cordura itself is laminated with two membranes and becomes a functional part of the suit. There is no need to double material. The suit is lighter without compromising durability. We also made the knee reinforcement a bit larger to ensure coverage for a wider range of body types.

\*The Stealth color variation is not held on stock. Pre-orders only.

Available Sizes: S, M, L, XL, XXL

In Stock: February, 2021

KAITUNA (KAI)

INFERNO (INF)

### 32003\_CALYPSO Air4 W. Dry Suit

- + Back zip entry dry suit designed for extreme paddling
- + Latex gaskets around the neck protected with soft neoprene, wrist gaskets is protected with velcro adjusted neoprene cuff
- + Entire body of the suit is made from Air4 material
- + Sitting area, knees and elbows are protected with Cordura
- + Watertight Cordura socks to keep your feet dry
- + Double Pull system around the waist area for quick adjustment
- + Drop seat zipper

#### WHAT IS NEW?

Calypso has newly integrated Cordura on the elbows - a feature that has been missing.

\*The Stealth color variation is not held on stock. It can be ordered.

Available Sizes: W-S, W-M, W-L, W-XL, W-XXL

In Stock: February, 2021

## 24003\_PALADIN Air4.X Dry Top

- + Strategically positioned seams create a great fit that allows free range of motion
- + Latex wrist and neck gaskets are protected by longer neoprene cuffs and high neoprene collar
- + Ergonomically designed for paddlers
- + A double tunnel waistband to provide a tight seal against your skirt
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit
- + Made from Air4 - breathable material with extreme durability
- + Reinforced with cordura in key areas to increase the durability

### WHAT IS NEW?

We optimized the pattern to lower the weight of the dry top. Cordura is now a functional portion of the top further reducing the total weight without compromising the durability. The body of the top is made for Air4 - extremely reliable 4 layer material with exceptional properties.

Available Sizes: S, M, L, XL, XXL

In Stock: February, 2021

## 24100\_PALADIN Air4.N Semi-Dry Top

- + Made from Air4 - breathable material with extreme durability
- + Strategically positioned seams create a great fit that allows free range of motion
- + Latex wrist gaskets are protected by velcro opening cuffs
- + For greater comfort we replaced the latex neck gasket with a double neoprene collar. Outer one to protect and redirect main onslaught of water and the inner fitted collar to keep whatever else out
- + Ergonomically designed for paddlers
- + A double tunnel waistband to provide a tight seal against your skirt
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit.
- + Reinforced with cordura in key areas to increase the durability

### WHAT IS NEW?

Formerly known as Paladin Neo, the new Air4.N is a major upgrade. As the name suggest this dry top is using the same material as its latex counter part which is a big step up from the last year's 2 layer version

Available Sizes: S, M, L, XL, XXL

In Stock: February, 2021

## 25803\_NIMUE Air4.X W. Dry Top

- + Strategically positioned seams create a great fit that allows free range of motion
- + Latex wrist and neck gaskets are protected by longer neoprene cuffs and high neoprene collar
- + Ergonomically designed for female paddlers
- + A double tunnel waistband to provide a tight seal against your skirt
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit
- + Made from Air4 - breathable material with extreme durability
- + Reinforced with cordura in key areas to increase the durability in critical areas

### WHAT IS NEW?

Air4 fabric and the colors that come with it is the only upgrade to our popular dry top for female paddlers.

Available Sizes: W-S, W-S, W-M, W-L, W-XL, W-XXL

In Stock: February, 2021

## 20300\_ICARUS Air4.X s/s Dry Top

- + Short sleeve dry top with a neck latex gasket and a protective neoprene over-cuff
- + The neoprene bicep cuff is made with a thin silicone band along the inside. It is there to keep your sleeves in place while providing a watertight seal against your skin, but rolling your sleeves up a little makes getting in and out of your top that much easier
- + A double tunnel waistband to provide a tight seal against your skirt
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit.
- + Made from Air4 - breathable material with extreme durability

### WHAT IS NEW?

Everything really. This is a new and longed for addition to our whitewater line up. One of the unique elements on this dry top are the bicep cuff - very easy to get in and out yet latex-like watertight.

Available Sizes: S, M, L, XL, XXL

## 21300\_ROGUE Semi-dry Top

- + Latex wrist gaskets are protected by a longer neoprene cuff
- + The neck neoprene has a band of silicone finish to provide a dryer seal and is further adjustable for tightness via a bungee drawcord
- + A double tunnel waistband to provide a tight seal against your skirt.
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit
- + Made from Tussor 320, a durable and abrasion resistant fabric

Available Sizes: XS, S, M, L, XL, XXL

In Stock: January, 2021

## 21301\_ROGUE ION Semi-dry Top

- + Latex wrist gaskets are protected by a longer neoprene cuff
- + The neck neoprene has a band of latex finish to provide a dryer seal and is further adjustable for tightness via a bungee drawcord
- + A double tunnel waistband to provide a tight seal against your skirt.
- + Equipped with our "Double Pull" system where pulling forward on the waist tabs simultaneously tightens the front and back and is then secured via hook-and-loop on the front for a perfect fit
- + Made from Tussor 320, a durable and abrasion resistant fabric

### WHAT IS NEW?

Rogue ION will be succeeding 21300. The difference is material. ION material is lighter and more pliable fabric. The idea is to make the top more comfortable to wear and move in.

## 28505\_ ANGLER ION Paddle Jacket

We know kayak fishing isn't all sunshine and butterflies, this cag is here to help keep you out there when things start getting rough. Designed for kayak fishing when a drytop or drysuit isn't quite necessary

- + Ergonomically designed cut allows free range of motion while paddling
- + Deep and shaped hood with 3D adjustment (horizontally, vertically and around the face) is designed to provide maximum protection while staying comfortable
- + Height outer collar with a long zipper to keep you shielded when things get rough, or can be opened to allow for greater airflow during intense activity
- + The shorter inner neoprene collar further prevents water from getting in
- + A double tunnel waistband to provide a drier seal against your spray deck
- + Wrist gaskets are made from a thinner and more elastic neoprene for long term comfort while the smooth inner finish helps create a greater seal against the skin preventing water from getting in
- + Wrist cuffs are adjustable via hook-and-loop
- + Two large front pockets with drain holes easier accessible even while wearing a life vest thanks to the side entry design
- + Two shoulder pockets with drain holes
- + All seams are taped to prevent water from seeping in

Available Sizes: S, M, L, XL, XXL

In Stock: February 2020

## 20700\_ PILOT ION Splash Top

- + A comfortable cut and wide opening neoprene neck ensure ease of use
- + Neoprene collar is easily adjustable via hook-and-loop to prevent water from freely entering
- + Longer neoprene wrist cuffs provide a good seal while maintaining comfort
- + The waist band comes with anti-slip coating to keep the splash top from riding up unwantedly
- + Available in 7 sizes XS-XXXL
- + Sizes are color coded via print on the sleeves to make organisation a breeze

### WHAT IS NEW?

This is the next generation of PILGRIM splashtop. We focused on perfecting the collar opening, and improving the fit overall. This top is designed for first timers and rental companies - not much to break on this one.

Available Sizes: XS, S, M, L, XL, XXL, XXXL

## 28600 ARGO Paddle Jacket

A lighter weight touring splash jacket to extend your season a little further whether wearing it around camp or on your favorite piece of water

- + Ergonomically designed cut allows free range of motion while paddling
- + Higher collar with a long zipper to keep you shielded when things start picking up, or can be opened to allow for greater airflow during more intense activity
- + Collar is adjustable via hook-and-loop tab and can be fine adjusted with a bungee drawcord to keep you comfortable and to keep splashes out
- + A waistband with hook-and-loop adjustment and a sticky mesh neoprene on the inside to provide a drier seal against your spray deck
- + Comfortable wrist gaskets are made from a thinner and more elastic neoprene for long term comfort while the smooth inner ring helps create a greater seal against the skin preventing more water from getting in
- + Wrist cuffs are adjustable via hook-and-loop
- + Two large front pockets are easier accessible even while wearing a life vest thanks to the side entry design
- + All seams are taped to prevent water from seeping in

Available Sizes: S, M, L, XL, XXL

## 32400\_VALKYRIE Air4 Paddle Suit

A comfortable no frills semi-dry suit to keep you out paddling when the weather is freezing but you aren't worried about full immersion

- + Neck is made out of a elastic neoprene (no latex gasket) to provide maximum comfort and to prevent most water from getting in
- + The latex wrist gaskets to keep you dry are protected by longer neoprene cuffs
- + Large front entry waterproof TIZIP® zipper to make getting in and out simple and easy
- + The waist is adjustable via two side pulls to ensure optimum fit and to eliminate bulk while paddling
- + Anatomically cut paddling design allows for a free range of motion
- + Integrated cordura socks are durable and stay dry

### WHAT IS NEW?

We improved the neck and wrists gaskets. Using ultrasoft neoprene with smoothskin around wrists and glide skin around the neck we achieved the optimum balance of watertightness and comfort.

Available Sizes: XS, S, M, L, XL, XXL

In Stock: February 2021

## 32101\_JUNO Air4 Junior Paddle Suit

Junior version of Valkyrie Paddle suit with some additional reinforcement so the kids can go full on without ripping the suit.

- + Neck is made out of a elastic neoprene (no latex gasket) to provide maximum comfort and to prevent most water from getting in
- + The latex wrist gaskets to keep you dry are protected by longer neoprene cuffs
- + Large front entry waterproof TIZIP® zipper to make getting in and out simple and easy
- + Cordura reinforced sitting area and knees
- + The waist is adjustable via two side pulls to ensure optimum fit and to eliminate bulk while paddling
- + Anatomically cut paddling design allows for a free range of motion
- + Integrated cordura socks are durable and stay dry

## 12002 GUARDIAN 3.D PFD

The Guardian 3.D is here to keep you safe and equipped in the most demanding situations. Its 3D shaping ensures it stays as close to you as you'd want your guardian angel.

- + 3.D? It is our process of pre-shaping the back panel so it even better anatomically adheres to the paddler throughout the range of movement, eliminating gaps and bulk while maintaining top of the line flotation. Also provides a better fit for smaller paddler.
- + Thanks to our telescopic system, the side panels slide through (and are held in place by) a tunnel, eliminating any bulk and unnecessary movement while keeping your ribs protected
- + The adjustable and padded shoulder straps are designed to move and flex with the motion of the shoulders, allowing for proper fit without restricting mobility, all the while keeping all gaps to a minimum
- + Quick release waist harness with stainless steel ring
- + Internal strap harness is connected both vertically and horizontally creating much stronger connections
- + Large front pocket opens wide to allow for easy and quick access and organization of gear
- + Knife lash tab has a tip sleeve to prevent unwanted catches and snags
- + Comes with a whistle in an integrated sleeve low on the shoulder
- + ISO 12402-5 a ISO 12402-6

### WHAT IS NEW?

Uniquely pre-curved back panels make the vest a better fit even for shorter paddlers. Fleece lining under the main front pocket forms cozy hand-warmers. The tip of the knife is shielded by a hood. Larger opening and better organization of the front pocket. Size XS!

Available Sizes: XS, S/M, L/XL, XXL

## 11305 SWIFT 600 PFD

Same great life vest as the swift but made from a more durable shell making it suitable for a more demanding use in rental fleets and schools

- + Comfortable and adjustable shoulders
- + Thanks to the two adjustable side straps and a bottom bungee this vest suits many body types
- + Colour coded sizes to help make organization and handouts quick and effective in commercial use
- + ISO 12402-5 and 12402-6

### WHAT IS NEW?

This is not a replacement only a sturdier brother to the popular 11300 SWIFT model. 600D Polyester provides enough durability and color fastness to last many seasons of rough handling.

Available Sizes: XS, S/M, L/XL, XXL

In Stock: Now

## 11300A SWIFT PFD

The light weight and simplicity will be appreciated by competitors and clubs alike

- + Suitable for paddlers who are starting to compete, for club or rental fleet
- + Comfortable and adjustable shoulders
- + Thanks to the two adjustable side straps and a bottom bungee this vest suits many body types
- + Approved by the ICF and ISO 12402-5 and 12402-6

In competitive slalom and downriver races vests must provide a minimum of 6.12 kg of flotation force and a minimum of 4 kg of flotation force in the youth category. These are measured in a specialized buoyant cage and our vest meets or exceeds these qualification

### WHAT IS NEW?

The vest will be available in new colors next year - Eastern Blue and Sherpa Blue.

Available Sizes: XS, S/M, L/XL, XXL

In Stock: Now \*( Sherpa Blue not available till April, 2021)

# BLACK BUTTER

We are introducing a completely new experience of neoprene. Black Butter is high density nylon that is coming close to feel of silk. It is very easy to slide on, it dries quicker and feels great. Thanks to the high density it amplifies the memory of the foam - provides amazing elasticity yet does not stretch out over time.

We are so happy to introduce Black Butter in e.prene version - petroleum free / solvent free.

47401 SYMBIO e. L/S Top

47601 SYMBIO e. S/S Top

+ Combination of 0.5 mm Black Butter on the sleeves and sides with 1.5 mm back and front neoprene.

+ Under-sleeve and collar are made from breathable nylon with plush

Available Sizes: XS, S, M, L, XL, XXL

## 44100 CANYON BALL Wetsuit

Wetsuit designed to withstand...Pretty much anything. It is designed for canyoneering and professional rescue.

- + Strategically placed 6mm and 5mm panels to achieve the perfect equilibrium of warmth and comfort
- + The silhouette itself comes from top notch surfing wetsuits - despite the thickness it offers minimum restriction in motion
- + Panels with exposure to abrasion are reinforced with special nylon - more than 60% of the surface of the suit
- + Additionally, areas with high exposure to abrasion - knees and elbows are reinforced with protective PU print
- + Ergonomically shaped hood seals tightly around the face is equipped with inner collar flood gate
- + Seams are reinforced with durable liquid tape
- + Ear pads on the hood are made from perforated neoprene - they ease the pressure of water on ear drums during sudden immersion or water impact
- + The entire suit is made from e.prene - petroleum free / solvent free alternative to neoprene

Available Sizes: 44, 46, 48, 50, 52, 54, 56, 58, 60

In Stock: June, 2021

## 67901 K1 JACKPOT SIROCCO L/S combo

## 68002 C1 JACKPOT SIROCCO L/S combo

The perfect slalom combo for training in not so perfect conditions.

- + Ergonomically designed cut allows free range of motion while paddling
- + Higher collar with glideskin panel along the edge for better seal yet maximum comfort
- + Wrist cuffs are made of combination of rubbers - thicker foam with smoothskin on the inside provides maximum seal.
- + Air4 is a smart shell fabric under which you can layer depending on conditions.
- + All seams are taped to prevent water from seeping in

Available Sizes: S, M, L, XL, XXL

## W / DURAFOAM

### 60806 REPEAT K1 Spraydeck

+ 4mm Durafoam deck for more durability

+ 3mm neoprene around the waist

+ All seams are glued-taped with neoprene tape for added durability

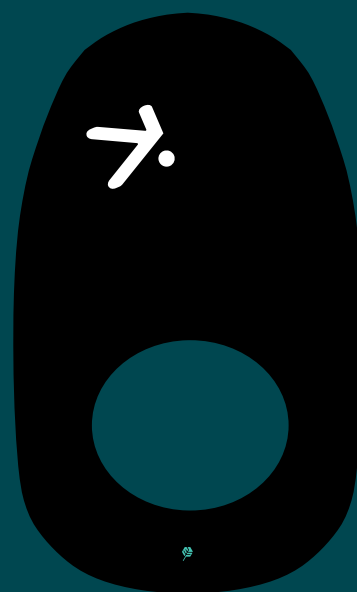

+ The entire body of the deck is made from e.prene - our Eco-friendly alternative to traditional petroleum based neoprene.

#### WHAT IS NEW?

This is the successor of 60800 K-Flex spraydeck. We increased the size of the deck to make it a bit easier to put on. The deck is using durafoam - denser foam that is more resilient against ripping over the edge of a cockpit or by stroke of a paddle. This is also our first product using e.prene - petroleum and solvent free rubber.

Available Sizes: XS, S, M, L, XL

In Stock: March, 2021

# W / DURAfoam

60801 JACKPOT K1 Spraydeck

60702 JACKPOT C1 Spraydeck

+ 4mm Durafoam deck for more durability

+ 3mm neoprene around the waist

+ All seams are glued-taped with neoprene tape for added durability

+ C1 version has reinforced side panels with abrasion resistant nylon

## WHAT IS NEW?

We worked on durability of the pieces - more durable foam and reinforced nylon ensures longevity by protecting the deck against impact and pressure dents.

Available Sizes: XS, S, M, L, XL

In Stock: Now

## 65804 BASIC Light Spraydeck

The new line of BASIC FITFLEX Spraydecks now shortened to BASIC FX is a PVC free evolution of 65801. The material is PU coated. This is the lighter version of the two.

+ Perfect fit can be dialed in with the waist cinch and suspenders keeping it comfortable all day no matter what the conditions may be

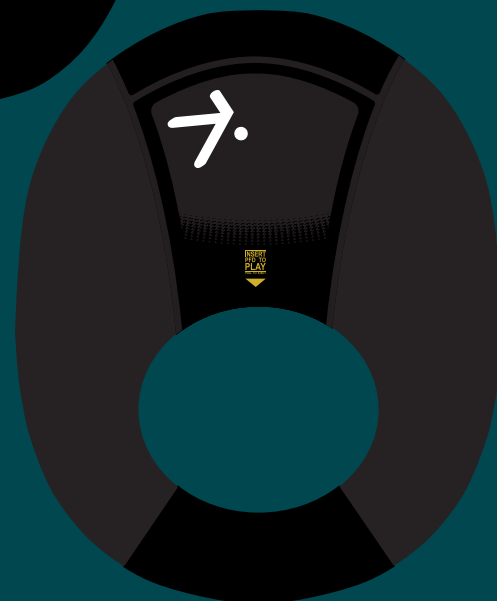

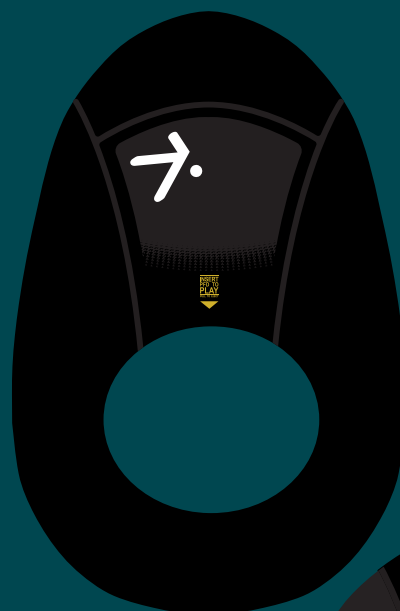

+ Nylon tunnel ensures comfort by breathability when its loosened and lowered for calmer and warmer days but can be secured up high with a waist bungee cinch and suspenders to keep the water out on rougher and colder days

+ An adjustable band running around the perimeter provides a universal fit and is very easy to use

+ Large and easy to find pull tab for a quick and safe exit, sprayskirt can also be kicked off using knees to provide a safe learning tool for beginners and children.

96401 TRIBE W. Hoodie

You do what you love. The longer you do it the more you surround yourself with people to whom you don't have to explain who you are, what you do and why you do it. They just get it. That is your tribe.

+ 100% Organic cotton

Available Sizes W-XS, W-S, W-M, W-L, W-XL
